

Yelof 12V Linear Actuator

Specifications

Input voltage: 12V/24VDC

Load Capacity: 1500N

Speed: 4~25mm/s

Standard stroke: 50mm\100mm\150mm\200mm\250mm\300mm

Minimum installation distance: stroke + 105mm

Duty Cycle: 25%

Limit Switches: Built-in, Factory Preset

Operation Temperature: -25°+65°

Protection Class: IP65

Installation dimension
